-

Work Experience

Hero MotoCorp Ltd., Gurugram

May 2023 – Present

Mobile Application Developer

- Built and maintained cross-platform mobile applications (iOS & Android) using React Native with Redux-Saga for state management.
 - Improved application performance using memoization techniques (useMemo, useCallback, memo).
 - Optimized Image loading and caching using FastImage.
 - Implemented Atomic Design Pattern to build scalable, reusable UI components.
 - Integrated RESTful APIs.
 - Implemented CleverTap push notifications, and in-app event tracking for analytics & user engagement.
 - Converted Figma designs into responsive React Native UI components.
 - Used GitLab and Microsoft Azure for version control.
 - Generated production builds (APK & IPA) for deployment and conducted TestFlight testing for iOS builds.
 - Developed and deployed two production apps — Freedo Rentals and Freedo Champion.
-
